Amendment After Final Serial # 09/898,989

Urgent: Please deliver to Examiner Sunil Singh Immediately

Examiner Singh,

As we discussed this morning in our telephone conversation, I am reformatting and resending the Amendment D After Final that we submitted on November 21, 2003. I am resending this fax at your request because you indicated that the Fax that you received on November 21, 2003 cut off some of the text on the top of page 10 and some of the other pages of the Amendment. As now indicated in the middle of page 10 due to the reformatting, claims 81-82 were previously canceled. Other than the reformatting to increase the margins at the top and bottom of the amendment, there have been no changes to the amendment. Please enter the following Amendment After Final into patent application serial number 09/898,989.

If you have any questions, please let me know.

Sincerely,

Jay Beyer
